

Welcome!

At *BDPB*, we offer two exciting and challenging internship programs. Both are open to students from colleges and universities with strong academic credentials. Applicants who are in their senior year or have completed junior level accounting are preferred for our three month Departmental Internship program, while outstanding sophomore and junior accounting students are encouraged to apply for our Summer Rotational Internship. If you are motivated and ready to work in a culture committed to teamwork and success, we hope you will consider applying.

your first step
on **the path** to
success

make it count

take a look at
what our **past interns**
are saying...

My internship with BDPB was a **great learning experience**. The skills and insight I acquired are invaluable to my current position.

Dustin Grizzle | former intern and current tax senior

The environment at BDPB was **nurturing and educational**. I gained a wealth of professional knowledge that textbooks cannot teach.

Julie Kaufman | 2009 rotational intern

BDPB gave me the opportunity to expand my knowledge and gain expertise beyond the textbook. **It was the right move** towards the commencement of my professional career.

Julio Modia | former intern and current tax senior

After completing two internships I was lucky enough to rejoin the firm full time. I could not imagine a more fulfilling career opportunity. The firm's team-centric approach is warm and refreshing, but at the same time **challenging and exciting**.

Rachel Merritt | former intern and current forensics staff

As an intern, you will have many of the same responsibilities as a full-time, first-year staff member working with other professionals on a variety of client projects. An internship with **BDPB** will give you the experience you need to hit the ground running when you begin your career.

A Step Above...

BDPB currently offers two exceptional internship options: a three month, single department program designed for the rising senior or fifth year student who already has a practice area in mind, and a Summer Rotational Internship for the emerging sophomore or junior accounting student who wants to explore all service areas within the firm. No matter which program suits you, you will be exposed to a wide variety of responsibilities and gain hands-on experience that cannot be taught in the classroom. All of our interns work alongside a knowledgeable member of our staff who will supervise, direct, encourage and coach you, as well as provide you with full support during your time at the firm.

Throughout your internship, we plan a number of social activities allowing you to bond with other interns and meet *BDPB* professionals in a fun and relaxing setting. One of the highlights of our program is the opportunity to meet and interact with the firm's directors at regularly scheduled director luncheons.

All interns are paid a competitive salary and enjoy benefits that include paid parking and a free gym membership. Our internship program is one of our primary recruiting tools, and many of our interns ultimately return to pursue a full-time career with *BDPB*.
